You are invited to join other members of our community to catch the VISION of the Gateway Community Alliance (GCA) for the "Gateway to the South/Gateway to Indianapolis" as we continue our journey to re-discover the Miracle Mile. More information is available online at: www.GatewayCommunityAlliance.org.

Be a part of "HISTORY in the MAKING"! This is your opportunity to see POSITIVE change in your community. Your participation is vital to the success of linking many of the great projects ongoing throughout the greater southside such as: The Hanna Avenue Project at the University of Indianapolis, the Emerson Avenue Project in the City of Beech Grove, and the Southport Road Project in the heart of Southport. The GCA is the missing link to them all. You can make a difference!

It is your annual membership and contributions that enables us to fulfill our mission. The GCA is a not-for-profit corporation and is financed entirely by private individuals and corporate donations. Without the continued guidance and support of private individuals, companies, neighborhoods, and all of our community stakeholders, the GCA would cease to exist.

With your continued support, the GCA will continue to strengthen the relationship with all of our community stakeholders, building better communities in which we live, work and raise our families. I ask that you please join me in supporting our community by enrolling or renewing your membership today. Together, as a TEAM we WILL change our community.

Sincerely,

Jeffery L. Cardwell, President
